

SESSION 7: DISCUSSION ON POLICY POINTER 1

4TH ACQF FORUM, SEYCHELLES, 13-14/11/2024 – ON MICRO-CREDENTIALS FOR BETTER OPPORTUNITIES

GROUP: GHANA, SEYCHELLES, SIERRA LEONE
SOMALIA AND ZAMBIA

IS THE POLICY POINTER CLEAR RELEVANT FOR PURPOSE AND COMPLETE?

The Team established that:

- The pointer is clear, broad, complete and relevant
- The First Recommendation is suitable as a guide on using the pointer.
- The Second recommendation is more suitable as General guidance on Standards for Micro-credentials rather than a recommendation on pointer 1

DEFINITION OF MICRO-CREDENTIALS

Based on Pointer1 and its recommendation, the Team proposes the following definition:

- **Micro-credential is a certification of assessed quality assured short period learning which is intended to provide learners with knowledge, skills, values and competencies in a targeted area and or practice.**
