What ACQF activities and outputs do you appreciate as most useful for your country, region and your personal interest?

What are your main expectations from ACQF in 2023?

How can your country and organisation contribute to make the ACQF a reality (implementation)?(Ex.: advocacy and dissemination of information on ACQF)

sharing of experiences

Aim to promote the initiatives in international forums.

Reference NQF to ACQF and use ACQF levels on qualifications

Sharing of good practice

Refer those interested in RQFs and NQFs to the website.

Communication sur l'outil ACQF

Firstly, making sure the citizens are aware of the existence of the NQF, RQF and the ACQF. Secondly, giving recognition and respect to other NQFs.

Sensitization on ACQF and Implementation of developed guidelines

Share learnings with other RQFs.

How can your country and organisation contribute to make the ACQF a reality (implementation)?(Ex.: advocacy and dissemination of information on ACQF)

Promoting ACQF in international forums

Support organization of NQF Network Africa

Tendo aprovado o QNQ, a minha instituicao tem a responsabilidade de mobilizar recursos materiais, tecnicos e financeiros para disseminar a informacao, treinar os diferentes stakeholders para estarem aptos na processo de implementacao e apropriacao.

Participação em eventos de formação internacionais e partilha entre pares.

advocacy, networking

-Advocacy and dissemination of information on ACQF-Align our NQF to the ACQF (in the near future)-Implement the training modules

Disemination of ACQF to all national stakeholders,

Continue to network with RQF representatives.

mon pays peut contribuer en organisant de la dissémination des résultats de l'ACQF

How can your country and organisation contribute to make the ACQF a reality (implementation)?(Ex.: advocacy and dissemination of information on ACQF)

By using the ACQF tools and guidelines for the NQF development or implementation
By setting up the linkages for referencing
By participating in ACQF activities
By setting up the governance structure based on ACQF model

Promote a community of practice of NQF representatives (and those wanting to have an NQF).

Etant donné que notre CNC est en cours de mise en palce,, il est très utile d'Associer le développement et l'implémantation du CNC avec l'ACQF

Complete the development of our NQF
Disseminate the tools and policies of ACQF
Achieve government 's support for ACQF implementation .

Participate in the exchange of information with regards to the development and implementation of National Qualifications Frameworks, Recognition of Prior Learning and other aspects of NQFs. Promote networking among the ACQF participating countries.

That ACQF be a bridge of contact between the countries that are implementing their frameworks and those that have already implemented it

- Referencing the NQF to ACQF- Introducing the ACQF Levels on all qualifications- Sharing information and enhancing collaborations with other African member countries- Make information on the NQF more transparent and readily accessible

Sensitization on the ACQF and use of the learnings and processes from the ACQF project to develop NQF/RQF and strengthen the capacity of national focal persons.

Sensitise the general public and institutions on the benefit of ACQF

How can your country and organisation contribute to make the ACQF a reality (implementation)?(Ex.: advocacy and dissemination of information on ACQF)

Sharing experience and learning from others
