Annex for reference

M&E of NQF / ACQF

M&E – not a later thought. But inherent to the ACQF Policy Document and the ACQF Guidelines

Specific Guideline 7 on M&E and a related Training Module

M&E - Why? Let us not "Fly Blind", wasting resources, achieving no effect / impact

M&E – a most fundament Ally of NQFs that want to make a Change

ACQF Policy Document – 2023

- "The ACQF is defined as an overarching reference qualifications framework of ten levels, serving as a connector and translation device between different qualifications frameworks or systems and their levels.
  - **The ACQF will deliver on the areas of activity defined in this policy document, namely**: a) referencing between qualifications frameworks; b) recognition of prior learning campaign; c) digital qualifications database; d) common profiles of qualifications; e) capacity development and support to national qualifications frameworks; f) networking, communication, and advocacy; g) analysis, monitoring, and evaluation."

- CESA: Strategic objective 4 c) and d) explicitly refer to the establishment of qualifications frameworks, notably a continental qualifications framework linked with national and regional qualifications frameworks:

  - Strategic objective 4: Ensure acquisition of requisite knowledge and skills as well as improved completion rates at all levels and groups through harmonization processes across all levels for national and regional integration.

  a) **Set up national qualification frameworks (NQFs) and regional qualification frameworks (RQFs) to facilitate the creation of multiple pathways to acquisition of skills and competencies as well as mobility across the sub-sectors**

  b) **Develop continental qualifications framework linked to regional qualifications and national qualification frameworks to facilitate regional integration and mobility of graduates**

  c) Establish and strengthen quality assurance mechanisms and monitoring and evaluation systems.
